Translated from the twenty-sixth German

"Here is a woman who, by sheer force of genius, has risen in a few months from a common laborer of the fields to be known as one of Germany's most popular modern poets. The striking thing in her poems is their lyrical quality. Whether the thought be sad or hopeful, the singing quality of the verse is ever apparent."—New York Tribune.

Recent Fiction

By Ian Maclaren.

(Kate Carnegie, \$1.50.)

"Delightful as are the character sketches in the 'Bonnie Brier' volume, in 'Kate Carnegie' the range of observation is greater, the insight profounder, the skill in presentation more assured. Nothing ian Maclaren has done previously so convincingly establishes him as a master. . . It is in the character sketches of the story that 'Kate Carnegie' is a notable book, and one in which lan Maclaren has bettered the best work he has previously given us."

By Amelia E. Barr.

(A Knight of the Nets, \$1.25.)

"Mrs. Amelia E. Barr has surpassed herself, though she is an author who is never guilty of slipshod writing. There is no character in Miss Mulock's book which can compare with Christina for charm and common sense. A better antidote for the sentimental poison which corrupts the morals of a large class of young girls could not well be found than this book. It is the sort of story which cannot fail to do good to any one who reads it."

D. Appleton & Co.'s New Books

A GREAT HISTORICAL WORK.

The Beginners of a Nation.

Earliest English Settlements in America, with Special Reference to the Life and Character of the People. The first volume in A History of Life in the United States. By EDWARD EGGLESTON. Small 8vo. Cloth, uncut, with maps,

Mesars. D. Appleton & Co. have the pleasure of announcing the first volume of the great historical work which has occupied the energies of Mr. Edward Eggleston for the greater part of the last sixteen years. The general title is, A History of Life in the United States, the first volume—"The Beginners of a Nation"—dealing with the causes and motives of the seventeenth century migrations. In announcing this important work, the publishers deem it necessary to call attention to only two facts: one, the modern interest in life and character; the other, that Mr. Eggleston is compleuously the best equipped student of the life and character which have gone to the making of American history. It is within bounds to say that the appearance of this work marks an epoch in American historical literature.

A new volume of poems by RUDYARD KIP LING, author of "Many Inventions," Barrack-Room Ballads," etc. 12mo. Special binding, \$1.50.

Special binding, \$1.50.

"The spirit and method of Kipling's fresh and virile song have taken the English reading world.

When we turn to the larger portion of The Seven Seas, how imaginative it is, now impassioned, how superbly rhythnic and sonorous. The ring and diction of this verse aid new elements to our song."—E. C. Stedman, in The Book Buyer.

"The most original poet who has appeared in his generation. His is the lustlest voice now lifted in the world, the clearest, the bravest, with the fewest false notes in it. I do not see why, in reading his book, we should not put ourselves in the presence of a great poet again, and consent to put off our mouraing for the high ones lately dead."—W. D. Horceste.

Minorca. By G. VUILLIER. Translated by FREDERIC BRETON. With 162 Illus.

This is a fresh and picturesque travel book dealing with Corsica, Sardinia, and the adjoining islands. The writer is a well-known French artist who has travelled all over the islands, gathering with his pencil sketches of their scenery and notable places of interest, and with his pen much information relating to their inhabitants. While the book will be most notable on the art side, it may fairly be said that pictures and text are simply the complement of each other.

Midshipman Farragut.

By JAMES BARNES, author of "For King or Country," etc. Illustrated by Carlton T. Chapman. Young Heroes of Our Navy Series. 12mo. Cloth, \$1.00.

The adventures of Farragut's first years in the navy and the brilliant cruise of the Essex under Captain Porter are pictured by an author who has had exceptional advantages in the preparation of his graphic and stirring story.

DIED.

"The story is new and the characters are original; in fact, in its way it is as clear a departure from all current fiction as was 'Jane Eyre' in its time. It is old-fashioned; it has no taint of the crotic or the sensational, yet, withal, it is one of the most impressive stories of the year, as it lays hold upon the heart of the reader in a way which it is difficult to explain." ex-Coroner Hugh Hughes.
